16 March 2020

Hi Trojans,

By now you would have seen that Rugby Australia and NSW Rugby has suspended all rugby until the first week of May. This includes training, trials and competition games for juniors, women and seniors. The Central Coast Rugby Union Board has this evening released a statement saying that they hope to start our competition on 16th May.

Whilst disappointing it is really the only course of action that they could take. We are fully supportive of this decision given the way the Coronavirus (Covid-19) has progressed.

Unfortunately this means we will postpone our season launch originally planned for 27th March. We will try to reschedule closer to the start of the season.

We encourage all players to continue with their personal fitness regime. We hope to see everyone at The Haven before too long.

Yours in rugby,

Tim Larke
President
